AI-7048

4-Channel PID Temperature Controller

## Space Saving:
The size only 22.5mm X100mm DIN Rail

Extensive Application:

Suitable for Multi Heating control system or Hot Runner system, etc.

Powerful Extension:
Connect with PLC or Touch Screen PC

AI-7048
4-Channel PID Temperature Controller

Size : 22.5 X100mm

DIN Rail Mount

With Handset

Auto Tuning

Output:

Individual SSR output Voltage 12VDC/20mA

Technical Specification

Input type:
 Thermocouple: K, S, R, E, J, T, B, N, WRe5-WRe26
 Linear voltage: 0～20mV, 0～60mV, 0～100mV, 0～1V, etc.

Sample time: 0.25Sce

Output :4 individual SSR output 12VDC/20mA

Output rate : 0.48Sec / 4 channels

Measurement accuracy : 0.2%FS±0.1℃

Power supply : 100～240VAC,50-60Hz;120～240VDC;or 5VA.

Operating Ambient : Temperature -10～60; humidity ≤90%RH
